Clean the Pot

Poor Coffee is one of the oft-recurring annoyances in the home. Sometimes it is not always the fault of the coffee.

A trained nurse who was called on a case in the home of a well-to-do farmer told the writer that the farmer's wife removed the old grounds from the pot not oftener than once a week.

It is unnecessary to relate that the nurse introduced this family to its first real cup of coffee.

The producing of a good coffee is a very delicate matter, starting with the grower and ending with the housewife.

If you have been having coffee disappointments, try Red, White and Blue Coffee, and, like the farmer's family, you will experience the joy of a perfect cup of real coffee.

Your grocer has it at 25 cents a pound.

BERDAN & CO. IMPORTERS AND ROASTERS OF COFFEE Founded 1836. TOLEDO, O.

Public Works Here at Least Expense letin of the State Civil Service Commission at Columbus calls a number of important examinations to be held during May. Openings in state departments which are exceedingly attractive, are included in the list. Several of these positions are such that we taskning advention is required.

The report of the department of public works on the individual maintenance cost of 37 automobiles operated by the department shows the Dodge Brothers motor car operated by Mr. John Dunn was the most economically driven car in the department. The statistics include every expense incurred by the cars from July 1, 1915 to December 1, 1915, gasoline, oil, repair cost, tire expense, etc., and show that Mr. Dunn's car was operated at the low cost of exactly two cents per mile.

The five Dodge Brothers cars used

The report of the department of that no technical education is required for the work and should attract a large class. One of these places is custodian of moving picture films which pays \$900 a year. Accuracy is the prime requisite, the duties are not arduous, nor do they require haste. This examination will be held on May 3. In the same department a moving picture machine operator is wanted, but applicants for this place must be practical operators.

On May 4 and 5 examinations will be held for positions in the state bindery and include rulers, machinists, stampers, job and edition forwarder, cans who have been mentioned to

The five Dodge Brothers cars used in the department also are given several records which place them at the top of the low maintenance records.

Not one of the 27 weed in the department also are given several records which place them at the top of the low maintenance records.

Other examinations called are as It is important that the Doubling of the Doubling Contract that the Doubling Contract the Doubling Contract the Doubling Contract that the Doubling Contract the Doubling Contra iower cost per mile than any one of the five Dodge Brothers cars. They also showed the highest mileage, the May 10. ment was run for the six months at a lowest expense on tires and the greatest mileage per gallon of gasoline of any touring car in the department.

Three of the Dodge cars were operated for the six months without any expense on tires. On the other two cars of this make the only tire expense was for the replacement of spare tires which were stolen from the London, \$1800, May 16.

The report shows many interesting comparisons of the maintenance cost of automobiles which range in cost from two cents a mile for the Dodge Brothers car to 27 cents a mile for one of the heavy duty trucks.

"Such figures are interesting to motor car owners and to prospective buyers of motor cars," said Thomas J. Doyle, local distributor for Dodge

"In these days of the high cost of who can tell you the exact cost per etc. It will be sent free to all who admile for the operation of his car. Such dress the commission at Columbus. Dodge Brothers owners who have recorded the expenses for their cars have found them exceedingly low and that they were getting unusually high mileage on a gallon of gasoline."

IMPORTANCE OF **BIG REPUBLICAN VOTE TUESDAY**

Senator Burton Deserves Expression of Coufidence.

THE NATION LOOKS TO OHIO

To Win Back Prestige In National Convention - Ohio Should Send Harding Willis, Proctor and Sullivan as Delegates-at-Large.

Columbus, O .- (Special.) - There is an urgent reason why every Republican voter in Ohio should make it his special business to go to the polls at the primary election on April 25 and exercise the greatest care in balloting for delegates-at-large to the Republican national convention in June.

Ohio will play one of the leading roles in the Republican national convention at Chicago in June. United States Senator Warren G. Harding will be the temporary chairman of the convention and as such will deliver the party's keynote speech to the assembled delegates. Governor Frank B. Willis has been chosen by former Senator Theodore E. Burton to present his name to the convention as a candidate for the nomination for pres-

NO MONEY IN BUSINESS

Senaior Burton has endorsed these More Than a Half Hundred Liquo Licenses Not Working.

There are more than a half hundre saloon licenses in Columbus not working. That is, the number of Columbus saloons is more than 50 below what the city is entitled to under the limitation clause in the license law. The reason? One of the license commisstoners says so many Columbus men bave quit drinking that the saloon tusiness has become unprofitable. It is stated by those who know that only about 5 per cent of the 377 Columbus saloons are actually making

n oney. England Becoming Sober. According to David Lloyd-George, the restrictions thrown about the saie of liquor in England, amounting in some sections to prohibition, are having a salutary effect. The police recerds show a reduction of something like 40 per cent in drunkenness throughout the country. Lloyd-George expresses the hope that the nation will be convinced that success in war largely depends on removing the drag upon its effectiveness caused by drink.

HUMAN DIETS LACKING INMINERAL NUTRIENTS Dr. E. B. Forbes, chief of the Department of Nutrition of the Onio Experiment Station, says in the April Monthly Bulletin, that many American diets today consist too largely of meats and cereal foods which tack the outer seed coats. Such diets are deficient in minerals. Those most commonly lacking are calcium, phos-

phorous and iron. Calcium is abundant in milk, eggs, vegetables and fruits. Phosphorous is found in large amounts in milk, eggs, nuts, peas, beans and cereal foods centaining the outer seed coats. Iron is contained in abundance in beef, eggs, prunes, beans, peas and green vegetables (especially spinach). Foods poor in minerals are polished inestimable trouble to shippers, by re-quiring reasons for proposed advances cornmeal, and other cereal foods lacking the outer seed coats. Such foods are likely to be constipating. More

iberal use should be made of milk and vegetables, especially for children. In artificial feeding of infants, Dr. Forbes says whey should be used in-\$1,000.000 in interest to poor borrow- stead of water for diluting cow's milk. because whey does not reduce the case. Reduces interest rates from as mineral content. Whey can be prehigh as 144 per cent to 6 per cent. pared from skim milk, by the use of The most far-reaching law on the rennet, or from whey powder, which is simply exaporated whey.
